## The Game – Basics

**5v5** is 16 minutes and consists of 4 players plus a keeper. The field is 100'x65 and futsal goals are 6½'x10'. When the ball goes out of bounds kick-ins are used and the keeper must "bowl" the ball out underhand if he or she plays it with the hands, including after a score. Keeper restarts play after a goal.

**3v3** is 8 minutes and consists of 3 players on a 60'x75' field with 4'x6' goals. If the ball goes out of bounds kick-ins are used and restart with a goal kick after a goal. Players may only score from their attacking half of the field.

**1v1** is 5 of the team's players each have a 75 second duel in "The Pit" - a walled 24'x40' space. Balls can be played off the walls and pug goals are used. Players may only score from their attacking half of the field. When an attacking player scores he/she must retreat to the halfway line until the opponent puts the ball back in play.

**The Ball** – All games use regulation low bounce futsal ball.
